

Solanum Conserved Cluster 12

Biological Process

GO:0006508, proteolysis

GO:0009095, aromatic amino acid family biosynthetic

GO:0019673, GDP-mannose metabolic process

GO:0009738, abscisic acid-activated signaling

GO:0006020, inositol metabolic process

GO:0046173, polyol biosynthetic process

GO:0019318, hexose metabolic process

GO:0006558, L-phenylalanine metabolic process
