

Pimpinellifolium Cluster 12

Biological Process

GO:0030244, cellulose biosynthetic process

GO:0055114, oxidation–reduction process

GO:0007018, microtubule–based movement

GO:0000077, DNA damage checkpoint

GO:1901663, quinone biosynthetic process

GO:0007264, small GTPase mediated signal
