

# Solanum Cluster 11

Biological Process

GO:0008295, spermidine biosynthetic process

GO:1901642, nucleoside transmembrane transport

GO:0006525, arginine metabolic process

GO:0009225, nucleotide–sugar metabolic process

GO:1901606, alpha–amino acid catabolic process

GO:0009611, response to wounding
